

Joseph D. Scribellito

Senior Driller

Mr. Joseph D. Scribellito is a graduate of Westminster High School of Westminster, Maryland. Following graduation he began working for Free State Drilling, Inc. as a drilling assistant. From 1999 to 2002 he worked as an assistant and was trained by Joseph Scribellito on all various aspects of geotechnical and environmental drilling methods and technology. From 2002 – 2005 he was promoted to a drillers position. And from 2005 to current he has worked as a Senior Driller. Joseph is responsible for training new employees and leading a two to three man crew in various field conditions.

Joseph D. Scribellito has over 16 years of drilling experience. Including environmental monitoring wells, as well as deep geotechnical test borings. His drilling experience includes mud rotary, hollow stem augers, rock coring, packer testing, cone penetrometer testing and data reduction with log preparation. He has been responsible for completing large geotechnical projects including, WSSC Aqua Duct Tunnel Project, Dulles Rapid Transit Project Fairfax County, VA., I495 and I395 Hot Lanes Project in Fairfax County, VA. And ICC Inter County Connector in Montgomery and Prince Georges County, MD. He has also completed the FHWA-NHI Subsurface Investigation Qualification Course in 2009.

Mr. Joseph D. Scribellito is in the process of applying for his Maryland Apprentice Drilling certification and maintains OSHA safety training.
